Profile Summary

Aspiring **Data Analyst** with expertise in **SQL**, **Excel**, and **Google Workspace** applications. Skilled in **data analysis**, creating **interactive dashboards**, and ensuring **data integrity**. Seeking to contribute to the **Google Data Analytics Apprenticeship** with a focus on **problem-solving**, **critical thinking**, and leveraging **data-driven insights**.

Key Skills

- **SQL**, **Python**, **Google Sheets**, **Power BI**, **Excel**
- **Data Visualization**, **Data Analysis**, **Google Workspace**
- **Critical Thinking**, **Problem-Solving**, **Collaboration**

Professional Experience

Data Analyst Intern

AtliQ Technologies | Sept 2024 – Present

- **Analyzed and debugged SQL queries** to improve **data extraction accuracy** by **100%**, enhancing **operational efficiency**.
- Created **interactive Power BI dashboards**, reducing report preparation time by **30%**, enabling **real-time data-driven insights**.
- Applied **advanced data cleaning techniques**, improving **data integrity** and **data retrieval efficiency** by **20%**.

Data Science Intern

CodeClause | Feb 2023 – Mar 2023

- Developed **machine learning models** for **fraud detection** and **recommendation systems**, optimizing prediction accuracy by **15%**.
- Managed large datasets with **Python**, using **Pandas** to enhance **data handling** and improve **analysis speed** by **20%**.

Key Projects

Hospitality Sales & Rating Analysis - [Live Dashboard](#)

SQL, Power BI, Excel | Sept 2024

- Created **interactive dashboards** to analyse hotel sales and customer satisfaction, improving management decisions and engagement by **10%**.

Business Insights 360 - [Live Dashboard](#)

SQL, Power BI, DAX | Jan 2024

- Built a **data reporting system** integrating **SQL** and **Excel**, boosting **report generation efficiency** by **5%**, supporting **strategic decisions**.

Automatic Question Paper Generator

SQL, Python | Oct 2023 – Feb 2024

- Designed **ML-based system** using **Bloom's Taxonomy**, improving assessment accuracy by **25%** and streamlining question paper generation.

Education

Bachelor of Computer Engineering – CGPA: 9.18/10

Late G.N. Sapkal College of Engineering [SPPU] | 2021 – 2024

Certifications

- **Google Data Analytics** – Coursera
- **Google Advanced Data Analytics** – Coursera
- **100 Days of Code: The Complete Python Pro Bootcamp** – Udemy
- **Complete Data Analyst Bootcamp From Basics To Advanced** – Udemy
- **Data Analytics Bootcamp 3.0: With AI for Data Analysts** – Codebasics

Technical Expertise

- **Google Sheets**, **Power BI**, **Excel**, **SQL**, **Python**
- **Pandas**, **NumPy**, **GitHub**, **Matplotlib**, **Seaborn**, **Selenium**
